Follow along as drawing expert Paul Matsuno of the Sipboard team shows how he creates his very own Pastel paintings. Pastello runs in the cloud and works on both iPhone and iPad. Create Your Own Pastel Artwork To create your own masterpiece, follow along as Paul Matsuno, the author of this lesson, shows you step-by-step how to use Pastello to create a beautiful Pastel artwork. You'll learn how to: Add the perfect shape to your canvas; Add layers and colors; Apply a gradient to the art; Sharpen and outline your painting. Each time you open your masterpiece in a new tab, you'll find your original art is no longer in its default low resolution. After all, you can always zoom in on your masterpiece and see everything you've drawn in ultra-detail. All the while, you'll work with a low-resolution, easy-to-use canvas that makes it easy to try out different drawing

effects. You'll even get the chance to share your masterpiece with other users so they can enjoy your work along with you. You can select a color palette for the artwork and you'll see a variety of colors and textures to choose from, ranging from charcoal and chalk to a rainbow palette to create a dreamy sky. You can even use different pens to create your masterpiece. Note: You can only share a particular version of the artwork that has been edited. Why Draw with Pastello? Drawing with Pastello is a great introduction to the world of Pastel drawing and painting. Pastello allows you to take those first steps with a digital drawing tool. Instead of forcing you to use a drawing tablet to draw, Pastello is just a simple tool to add layers, add images and select brushes. Plus, the app has a clean and simple design and is a great way to learn how to draw. You can easily find the tools you need and everything is clean and crisp. Pastello is an ideal app for learning how to draw in a digital manner. Pastello supports resolutions up to 9,200 pixels on iPhone and iPad. This is way more than enough to create a high-resolution masterpiece. You can create your artwork and scale it down with the scroll bar. You can also zoom in on any part of your masterpiece and see every detail in an ultra-sharp picture 82157476af
